## FLEET OPERATOR

Reporting to the Manager, Operations, Handy, Europe and Africa, and Director, we are currently looking for an **Experienced Fleet Operation Professional** responsible for operating a fleet of about 8-10 ships and ensure compliance with organization procedures and industry regulations to ensure the safe operation of ships.

### **Location: Europe (Antwerp, Hamburg or Geneva)**

Requires work outside of regular business hours, including weekends and holidays, when necessary.

- ≡ Managing Voyage; i.e. monitor proactively all participants and initiate pre-emptive or corrective action whenever required.
- ≡ Monitoring the issuance and on-forwarding of all cargo documents
- ≡ Performing other varied tasks, including post-voyage analysis (financial and statistical), maintaining IMOS VIP and SEDNA.

The successful candidate has knowledge of the bulk shipping industry, possesses the ability to multi-task, and is proficient with MS Office, and Outlook. Preferably, the chosen candidate will have some experience with a maritime operation management system such as IMOS and other collaboration tools such as Sedna.

If you are interested in a challenging, fast-paced, and motivating career, you may be the right person for this job.
